Subject – Permission to 2nd class Hospl Apte V. Govindarajulu Naidu to appear for his promotion exn 3 years before the prescribed time

Offg S. Ss letter No 35704-1-04.

It appears from the Correspondence now read from the Offg S. Surgeon that Hospital Apte Govindarajulu Naidu was in charge of the Hd-Q Dispy at Holalkere in the year 1899 when this Hospl Assistant had successfully treated a man who had been severely cut with a chopper on the head in a case of robbery. In his letter No 313 of 14-2-99 the Apte Supte of Police, Chitaldrug Distt brought to the notice of the then Inspector General of Police the good services rendered by the Hospl Apte in curing the man of his injury and by a Police Daffedar in promptly sending that badly wounded man to the Dispy for treatment the distance from the place of injury to the Dispy being 9 miles Thereupon the Inspector General in his turn brought the good services of the said Hospital

Hospital Apttt to the notice of the Senior Surgeon (Col P. H. Benson) who by his order to the Hospital Apttt, No 26859 22/3/99, passed the following order

The Hospl Apttt is Commended for his Good work and his name is noted for the future.

In forwg: the above Correspondence, the Offg S. Surgeon states that he endorses Col Benson's appreciation note of the Hospl Apttt's Conduct, but that in his opinion more than an appreciative note is required. He accordingly recommends that 2nd class Hospital Apttt V. Govindarajulu Naidu may be permitted to appear for his promotion examination 3 years before the would ordinarily be allowed to do so, and that should he pass, he may be promoted at once to the next higher class viz the 1st

His Hospl Apttt was promoted to the 2nd class on the 26th July, 1902. The promotion of Hospl Apttts from one class to the next higher is regulated by the length of service, the period required being 7 years in each class. At the end of the period they are examined and should they pass in such promotion exn then they are promoted to the next higher class.

Subd for orders

Recommendations such as the one under reference are increasing 3 years seem to be too long a grace for the services rendered by this H. Asstt

Please ascertain
what the practice is in
Madras as regards
promotions to higher grades
allowed there in exceptional
cases

My own opinion is
that there is not quite
fair to other (seniors)
who have not had similar
opportunities of doing
meritorious service if
any recognition is
required it ought to
take some other form.

Note Continued

The Offg Senior Surgeon who was demi-officially requested to report the practice obtaining in Madras in such cases as the one in question states that he has received a reply as follows from Surgeon Lt. Madras. "In the Civil Med. Depts

there is no precedent of a Hospl Apptt being given promotion before his turn for good services. There have recently been one or two cases of special services which required recognition and the men were thanked by the Head of the Deptt and granted a gratuity of two months' pay.

Submitted for orders as to whether the present case may not be dealt with in the above manner.

The Dewan thinks the 2nd Commissioner

This is an old case, the good services in question having been rendered some time back. It is too late now to grant the Senior Surgeon record of appreciation by the grant of a money reward or gratuity. This would be a new departure for which there seems no need now. It is clear that the only Senior Surgeon's recommendation that the Hospital Apptt be substituted examination & promotion be advanced by three years cannot be acceded to. An order may accordingly be passed that you are unable to comply

Sir,

In forwarding the marginally noted copies of correspondence, I have the honor to state that I have no doubt at all but that the injured man's life was saved by the unremitting care of the Hospital Assistant. The Hospital Assistant nursed the man, fed him, and treated his wounds night and day till he recovered.

2. I endorse Col. Benson's appreciation note of the Hospital Assistants conduct but in my opinion more than an appreciative note is required. I consider that a step of 3 years would be none to much as a reward for such a signal service- and I therefore recommend that V. Govindarajula Naidu 2nd Class Hospital Assistant, be permitted to appear for his examination 3 years before he would ordinarily be allowed to do so, and if he passes that he proceed at once to the higher grade.

I have the honor to be,

I have the honor to forward herewith for your information an extract from letter No.313 dated 14th February 1899 from the Assistant Superintendent of Police, Chitaldroog District bringing to notice the good services rendered by Hospital Assistant Govindarajulu Naidu of Holalkere in the recovery of a man badly wounded in a case of robbery.

The complainant in this case had been so severely cut with a chopper on the head that the accused Madya had taken him for dead when he left the place, that the Daffedar deemed it necessary to record his dying declaration and that the Amildar and the Hospital Assistant also believed that the man was in a hopeless condition. The recovery, which took nearly three months, was no doubt miraculous in the circumstances and was mainly due to the promptness of the Daffedar in sending him to Holalkere, a distance of 9 miles for medical treatment, and to the careful treatment he received at the hands of the Hospital Assistant Mr. Govindarajulu Naidu. Both these officials therefore deserve special mention in this connection.
